## *The Life of a Scientist*

by **Richard (Dick) Collins**

*Profits from sales will go to the  
Messel Endowment of the  
Science Foundation for Physics  
at the University of Sydney*

Generations of his students and colleagues know Emeritus Professor Richard (Dick) Collins as a passionate teacher and a successful scientist.

He is also an experienced handyman, expert cabinet maker, non-expert musician, experimental cook, failed photographer, self mutilator and sometime poet.

In this book he tells how it all happened.
