2.			
3.			
4.			

Please tick one box:

Continue with regular experiment.

Please write your name(s) in the box above. You must choose one experiment on which to submit a joint written report and make a joint oral presentation in week 13 of semester (28/29 October).

Project in the laboratory. Please provide details below.

Your group should consist of three or four people. Your detailed proposal, which will be marked, is due in week 9 (by 25 September). The work on your project and report is done after the mid-semester break, in weeks 10, 11 and 12. Your written report and oral presentation are due in week 13 of semester (28/29 October).
